Recent Events

Generator Demo In December we celebrated the completion of the Hall's Generator project with an evening of lasagna, pizza, and some dessert treats. All were invited and we had a good turnout. Once the crowd had gathered, the main breaker was switched off to simulate a loss of power. Then with the generator fired up, hot food was served from the halls ovens and the social gathering continued.

First All Member meeting and Potluck of 2010 January saw our first all member meeting since the election of new officers. The newly elected officers and Executive Committee were introduced. The chairpersons each gave a brief description of their committees responsibilities and the goals. Sylvia, with the aid of a deck of cards, guided us through an evening of fun socializing. Good food, and great company.

Everyone should plan on attending all of our member Meetings and Potlucks. Mark your calendars: 6:30 p.m. March 17th, May 9th, Sept 15th, Nov 17th.
